Washer extractor WH6-6

Washer featuring exceptional savings and effortless use

Priority on people

Certified ergonomic design with a human-centered approach for an outstanding user experience

- Compass Pro® microprocessor offers large display and one control knob for easy
 program and language selection, as well as quick selection and option buttons for
 the most frequently used wash programs and options
- Wash program packages optimized on Economy, Perfomance and Time. (Available on general programs)
- Four compartment detergent box for flexibility of manual dosing of powder or liquid detergent
- Professional door with gasket and strong hinges built for heavy duty operation and hygiene

Long-term savings

Innovative features designed for lowest possible water, energy and detergent consumption, to save money and time, and embrace a sustainable lifestyle

- Programs optimized for lowest water, energy and detergent consumption
- High extraction force for efficient dewatering
- Automatic Savings weighs the linen and adjusts the water level to the amount of linen, saving water and energy at less than full load
- Power Balance measures, corrects the unbalance and adjusts the G force in real time, maximizing the dewatering, saving money and time in the drying process

Pure control

Monitoring of the status of the equipment and performance from anywhere, allowing to take action to improve the business

 Connectable to OnE Laundry, the personal assistant for hygiene validation, process management and revenue management

Main options and accessories

- Automatic liquid detergent supply (optional I/O board)
- Efficient Dosing interface and pumps, ensures that the precise amount of chemicals
- will be added automatically according to the weight of the load, saving chemicals
- Connection to booking- /payment- system or coin meter
- Drain pump
- Stacking kit to install tumble dryer TD6-6 and TD6-7 on top to save space
- Stainless steel front panel
